

## Have there been any scientific studies completed on Remote Light's core optics technology?

Yes. We have engaged the following companies or individuals to complete studies on our core optics technology:

- 1) The University of Chicago, The Department of Physics and The Enrico Fermi Institute, Professor Roland Winston
- 2) The Breault Research Organization, Bob Breault, Chairman
- 3) Warren J. Smith, Consultant in Optics, Arthur of the text book in optics used in all graduate programs
- 4) The Lighting Research Center, Rensselaer Polytechnic Institute, Prepared by Nadarajah Narendran, This center issues the Consumer Report for Lighting Products
- 5) Dr. Shaoul Ezekiel, Professor, MIT.

Please refer to the "Scientific Studies" area of this website for the above studies.
